I. INTRODUCTION

This matter comes before the Public Service Commission of South Carolina (Commission) by the Application of All My Sons of Charlotte South, LLC (AMS Charlotte) seeking approval to amend its tariff and bill of lading. We approve the application as set forth in this order.

11. FACTS AND PROCEDURAL HISTORY

The Commission originally granted AMS Charlotte a Class E certificate on May 15, 2018, in Order No. 2018-317. More recently, the Commission granted approval for the company to use an electronic bill of lading on September 16, 2020. In this docket, AMS Charlotte filed an application on January 24, 2022, seeking a waiver of publication of the Notice of Filing in a newspaper, and asking to amend its tariff and bill of lading.

The South Carolina Office of Regulatory Staff (ORS), a party of record pursuant to section 58-41-10(B) of the South Carolina Code of Laws (Supp. 2021), notified the Commission on January 24, 2022, Nicole M. Hair, Esquire, would appear on behalf of the ORS in this docket.

On February 9, 2022, the Commission took action to grant the request of AMS Charlotte to waive publication in newspapers and to provide notice by posting the notice on the Commission's website and in the docket management system. *See* Order No. 2022-103.

On February 10, 2022, the Clerk's Office prepared and posted a Notice of Filing in this docket, designating the proposed changes as follows:

On April 6, 2022, ORS filed a letter notifying the Commission it had reviewed the company's application. ORS noted:

ORS conducted a compliance review of AMS Charlotte on February 9, 2022, and found them to be in compliance with Commission rules and regulations.... ORS has received no consumer complaints related to AMS Charlotte in the past twelve months. AMS Charlotte is in compliance with Annual Report and Gross Receipt filing requirements.

On March 2, 2022, counsel for AMS Charlotte filed correspondence with the Commission providing the following explanation for the company's request to amend the tariff and bill of lading.

The proposed increased rates and charges are due to increases in labor costs, pricing models of competitors, and the increased demand for more materials.... It is a well-known fact that the United States is in an unusual inflationary period....Also, the truck driver shortage both before and since the pandemic has been widely reported,

thereby requiring movers to continually increase wages.... Finally, the proposed increases in rates and charges in the proposed Tariff and Bill of Lading contain non-substantive language changes and the correction of several typographical errors.

On April 7, 2022, the Commission took action to approve the request of AMS Charlotte to amend its tariff and bill of lading.

III. LAW

The Commission is specifically authorized to regulate carriers of household goods, and to set their rates and charges: "[t]he commission must promulgate regulations necessary to control entry and certification standards, set rates and charges, and establish enforcement procedures and powers to govern the operations of carriers of household goods and hazardous waste for disposal." S. C. Code Ann. § 58-23-590 (2015).

The Commission is authorized to fix or approve the rates charged by every South Carolina motor vehicle carrier: "[t]he commission shall regulate every motor carrier in this State and fix or approve the rates, fares, charges, classifications, and regulations pertaining to each motor carrier The rates once established remain in effect until such time when the commission determines the rates are unreasonable." § 58-23-1010.

The commission shall make, fix, establish, or allow just and reasonable rates, fares, charges, classifications, and rules for all motor carriers subject to its rate jurisdiction.

As often as circumstances may require, the commission upon notice and hearing, if deemed necessary, from time to time may change or revise, or cause to be changed or revised, any rates, fares, charges, classifications, and rules of a carrier who operates under a Certificate of PC&N.

S.C. Code of State Regulations 103-191 (2012).

"Every rate made, demanded, or received by any motor carrier operating under a Certificate of PC&N ... shall be just and reasonable." Reg. 103-192. Once rates are approved, motor carriers are prohibited from charging more or less than the rates specified in lawful tariffs, schedules, or by specific order of the Commission:

[N]o motor carrier operating under a Certificate of PC&N shall charge ... a greater or lesser or different compensation for transportation, or for any service rendered, than the rates, fares, and charges specified in the lawfully applicable tariffs or schedules in effect from time to time.

S.C. Code Ann. Regs. 103-198.

Every motor carrier of property operating under a Certificate of PC&N and FWA shall provide safe and adequate service, equipment, and facilities for the transportation of property, and shall establish, observe, and enforce just and reasonable regulations and practices relating thereto and to the manner and method of presenting, marking, packing, and delivering property for transportation, the facilities for transportation, and all other matters relating to or connected with the transportation of property.

S.C. Code Ann. Regs. 103-195.

In the exercise of its power to prescribe just and reasonable rates for the transportation of passengers or property by common carriers operating under a Certificate of PC&N, the Commission may give due consideration, among other factors, to the need in the public interest of adequate and efficient transportation service by such carriers at the lowest cost consistent with the furnishing of such service and to the need of such carriers for revenues sufficient to enable them, under economical and efficient management, to provide such service.

S.C. Code Ann. Regs. 103-194.

Regulation 103-159 lists the information a motor carrier of household goods must include

in its bill of lading:

- 1. The name of issuing carrier;
- 2. The date the shipment was received by the carrier;
- 3. The name and address of the consignor/shipper;
- 4. The points of origin and destination;
- 5. The name and address of the consignee/receiver;
- 6. Declaration of valuation (motor carriers of household goods);
- 7. The weight by certified public scale, volume, or measurement of the property tendered and received for transportation according to the lawfully applicable rates and charges shown separately by classification;
- 8. If it relates to a C.O.D. shipment, the amount of the C.O.D. and the name of the individual, corporation, or association who is actually to pay the C.O.D.;
- 9. Public Service Commission identification number;
- 10. Financial responsibility information as to insurance coverages;
- 11. The number of the bill of lading, as numbered consecutively in each motor carrier's own series at the time of printing;
- 12. Any accessorial or additional service charges in detail, giving size, and kind of equipment, the number of men and total hours of extra labor, and equipment services provided;
- 13. Rate per hundred weight or rate per hour, whichever is applicable (motor carriers of household goods); and
- 14. Base liability amount of the carrier for its cargo.
- S.C. Code Ann. Regs. 103-159 (2012).

All holders of Certificates of PC&N and FWA, upon receipt of freight, shall issue and deliver, or cause to be issued and delivered, to the shipper a bill of lading or other documentation approved by the commission. A combination bill of lading and freight or expense bill or invoice may be issued if it shows all of the information required in 103-159. All bills of lading shall comply with, be governed by, and have the consequences stated in the Uniform Commercial Code of South Carolina and any other applicable and effective provisions of the statutes. All carriers, shippers, consignees, and any lease operators involved in a shipment shall keep a copy of the bill of lading for a minimum of three years.

S.C. Code Ann. Regs. 103-158.

The South Carolina UCC, referenced in the above regulation, defines "record" as both a tangible record and an electronic one: "Record' means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form." S.C. Code Ann. § 58-1-201 (31).

A bill of lading must accompany each shipment:

Each shipment by a freight carrier holding a Certificate of PC&N or FWA must be accompanied by the bill of lading relating thereto or some other procedure authorized by the commission. If two or more trucks are used to transport a single shipment, a separate bill of lading or descriptive instrument must accompany the portion of the shipment contained in each of the trucks and each such bill of lading or descriptive instrument must show, with respect to that portion of the shipment which it accompanies, all information required by 103-159, and must refer specifically to the bill of lading which covers the entire shipment.

S.C. Code Ann. Regs. 103-162.

IV. ANALYSIS

After a review of the justification submitted by the applicant and a review of the application and the law, we approve the application as reasonable. As to the increase in rates and charges, AMS Charlotte provided sufficient information to justify its request. As to the bill of lading, AMS Charlotte seeks to clarify that the bill of lading will be provided to customers in electronic format. This is in keeping with the Commission's decision in Order No. 2020-608 to allow the company to use an electronic bill of lading. In addition, the company proposes changing the time a customer must make a claim for damages from nine months to thirty days, which we find reasonable.

ORS advised the Commission the company is in compliance with all Commission rules and regulations.

V. FINDINGS OF FACT

- 1. We find AMS Charlotte provided justification to the Commission for the request to amend its tariff and bill of lading.
- ORS determined AMS Charlotte is in compliance with all applicable
 Commission rules and regulations, including the Annual Report and Gross Receipt filing requirements.
- 3. After review of the entire record, we find the proposed amendments to the tariff and bill of lading submitted by AMS Charlotte are reasonable.

VI. CONCLUSIONS OF LAW

1. The Commission has the authority to approve amendments to a motor carrier's tariffs as set forth in section 58-23-1010 of the South Carolina Code of Laws and Regulation 103-191 of the South Carolina Code of State Regulations.

2. The proposed amendments to the tariff and bill of lading are reasonable pursuant to section 58-23-1010 and Regulations 103-191, 103-192.

NOTICE

LIMITATION OF LIABILITY ON PRESSBOARD, PARTICLE BOARD AND/OR ENGINEERED WOOD FURNITURE

Furniture manufactured from press-board, particleboard, and/or engineered wood is designed to go into a box from the manufacturer to the retailer and then to the end user unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration even in air-ride trailers. Usually chips and dents are not repairable. Surface Impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.

- Option 1- I/we choose to disassemble all press-board, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage to the press-board, particleboard and/or engineered wood furniture, which may occur during the disassembly of the furniture.
- Option 2- I/we have engaged the services of another individual or company to disassemble all press-board, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage, which may occur to the press-board, particleboard and/or engineered wood furniture during the disassembly of the unit(s).
- Option 3- I/we am/are tendering furniture constructed of press-board, particleboard and/or engineered wood furniture fully assembled as part of our move. I/ we understand that any claims for damages to the press-board, particleboard and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled press-board, particleboard and/or engineered wood furniture is inherently susceptible to damage as outlined above.

CONTRACT TERMS AND CONDITIONS OF UNIFORM HOUSEHOLD GOODS BILL OF LADING

This contract is subject to all rules, regulations, rates, and charges in its Tariff on file with the South Carolina Public Service Commission (PSC) including, but not limited to, the following terms and conditions:

SECTION 1: The carrier shall be liable for physical loss of or damage to any articles from external cause while being carried or held in storage-in-transit EXCEPT loss, damage, or delay caused by or resulting:

- (a) From an act, omission, or order of shipper;
- (b) From defect or inherent vice of the article, including susceptibility to damage because of atmospheric conditions such as temperature and humidity or changes therein;
- (c) From (1) hostile or warlike action in time of peace or war, including action in hindering, combating or defending against an actual, impending or expected attack (A) by any government or sovereign power, or by any authority maintaining or using military, naval or air forces; or (B) by military, naval or air forces; or (C) by an agent of any government, power, authority or forces; (2) any weapon of war employing atomic fission or radioactive force whether in time of peace or war: (3) insurrection, rebellion, revolution, civil war, usurped power, or action taken by governmental authority in hindering, combating, or defending against such an occurrence; (4) seizure or destruction wider quarantine or customs regulations; (5) confiscation by order of any government or public authority; or (6) risks of contraband or illegal transportation or trade;
- (d) From strikes, lockouts, labor disturbances, riots, civil commotions, or the acts of any person or persons taking part in any such occurrence or disorder; and
- (e) From Acts of God.

SUBJECT, in addition to the foregoing, the following limitations apply on the carrier's liability:

The carrier's maximum liability shall be one of the following:

- (1) The actual loss or damage not exceeding sixty (60) cents per pound of the weight of any lost or damaged article when the shipper has released the shipment to carrier, in writing, with liability limited to sixty (60) cents per pound per article; or
- (2) Depreciated Replacement value of the lost or damaged item beyond repair provided that the shipper elects such valuation coverage and agrees to pay applicable rates or the option of satisfactory repairs.

FURTHER, a shipper's failure to notify the carrier in writing that an article having a value that exceeds \$2,000 or \$100 per pound will be included in the shipment will restrict the carrier's maximum liability to \$100 per pound for each pound of any lost or damaged article (based on actual article weight), not to exceed the declared value of the entire shipment.

SECTION 2. The carrier shall not be liable for delay caused by highway obstruction, or faulty or impassable highways, or lack of capacity of any highway, bridge or ferry, or caused by breakdown or mechanical defect of vehicles or equipment, or from any cause other than negligence of the carrier; nor shall the carrier be bound to transport by any particular schedule, means, vehicle, or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination.

SECTION 3. Shipper's or consignor's and/or consignee's liability shall include the following:

- (a) The shipper (individual or commercial) and consignor upon tender of the shipment to carrier, and the consignee, upon acceptance of delivery of shipment from carrier, shall be liable, jointly and severally, for all unpaid charges payable on account of a shipment in accordance with applicable tariffs including, but not limited to sums advanced or disbursed by a carrier on account of such shipment. The extension of credit to either shipper or consignee for such unpaid charges shall not thereby discharge the obligation of the other party to pay such charges in the event the party to whom credit has been extended shall fail to pay such charges.
- (b) Shipper and/or consignor acknowledge that no explosives and or dangerous articles or goods shall be contained in shipment. However, shipper and/or consignee shall indemnify carrier against any loss or damage caused by the negligent or intentional inclusion of explosives or dangerous goods therein.

SECTION 4. If for any reason other than the fault of carrier, delivery cannot be made at address shown on the face hereof, or at any changed address of which carrier has been notified, carrier, at its option, may cause articles contained in shipment to be stored in a warehouse selected by it at the point of delivery or at other available points, and were held without liability on the part of the carrier, at the cost of the owner, and subject to a lien for all accrued tariff and other lawful charges.

SECTION 5. If shipment is refused by consignee at destination, or if shipper, consignee or owner of property fails to receive or claim it within fifteen (15) days after written notice by United States mail addressed to shipper and consignee at post office addresses shown on face hereof, or if shipper fails or refuses to pay applicable charges in accordance with carrier's applicable tariff, carrier may sell the property at its option, either (a) upon notice in the manner authorized by law, or (b) at public auction to highest bidder for cash at a public sale to be held at a time and place named by carrier, thirty (30) days' notice of which sale shall have been given in writing to shipper and consignee, and there shall have been published at least once a week for two consecutive weeks in a newspaper of general circulation at or near the place of sale, a notice thereof containing a description of the property as described in the bill of lading, and the names of the consignor and consignee. The proceeds of any sale shall be applied toward payment of lawful charges applicable to shipment and toward expenses of notice, advertising and sale, and of storing caring for and maintaining property prior to sale, and the balance, if any, shall be paid to owner of property; PROVIDED that any perishable articles contained in said shipment may be sold at public or private sale without such notices, if, in the opinion of carrier, such action is necessary to prevent deterioration or further deterioration.

SECTION 6. As a condition precedent to recovery, a claim for any loss or damage, injury or delay, must be filed in writing with carrier within thirty (30) days after delivery to consignee as shown on face hereof, or in case of failure to make delivery, then within thirty (30) days after a reasonable time for delivery has elapsed; and suit must be instituted against carrier within two (2) years and one (1) day from the date when notice in writing is given by carrier to the claimant that carrier has disallowed the claim or any part or parts thereof specified in the notice. Where a claim is not filed or suit is not instituted thereon in accordance with the foregoing provisions, carrier shall not be liable and such a claim will not be paid. SUBJECT TO APPLICABLE LAW, ANY CLAIM OR DISPUTE BETWEEN YOU AND ALL MY SONS OF CHARLOTTE SOUTH, LLC ("CARRIER") ARISING FROM OR IN CONNECTION WITH THE TRANSPORTATION OF YOUR GOODS (A "DISPUTE") IN SOUTH CAROLINA INTRASTATE COMMERCE WHETHER UNDER STATE, OR LOCAL LAW, INCLUDING ANY VIOLATION OF ANY APPLICABLE LAW OR REGULATION, SHALL BE RESOLVED BY MANDATORY ARBITRATION IN YORK COUNTY, SOUTH CAROLINA IN ACCORDANCE WITH SOUTH CAROLINA CODE SECTION 15-48-10 ET SEQ., UNIFORM ARBITRATION ACT.

NOTICE

LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD

Furniture manufactured from pressboard, particleboard, and/or engineered wood is designed to go into a box from the manufacturer, to the retailer, and then to the customer unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, irreparable damage. When a shipper elects to ship an article as defined herein, and notwithstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.

SUBJECT, in addition to the foregoing, the following limitations apply on the carrier's liability:

The carrier's maximum liability shall be one of the following:

- (1) The actual loss or damage not exceeding sixty (60) cents per pound of the weight of any lost or damaged article when the shipper has released the shipment to carrier, in writing, with liability limited to sixty (60) cents per pound per article; or
- (2) Depreciated Replacement value of the lost or damaged item beyond repair provided that the shipper elects such valuation coverage and agrees to pay applicable rates or the option of satisfactory repairs.

FURTHER, a shipper's failure to notify the carrier in writing that an article having a value that exceeds \$2,000 or \$100 per pound will be included in the shipment will restrict the carrier's maximum liability to \$100 per pound for each pound of any lost or damaged article (based on actual article weight), not to exceed the declared value of the entire shipment.

SECTION 2. The carrier shall not be liable for delay caused by highway obstruction, or faulty or impassable highways, or lack of capacity of any highway, bridge or ferry, or caused by breakdown or mechanical defect of vehicles or equipment, or from any cause other than negligence of the carrier; nor shall the carrier be bound to transport by any particular schedule, means, vehicle, or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination.

SECTION 3. Shipper's or consignor's and/or consignee's liability shall include the following:

- (a) The shipper (individual or commercial) and consignor upon tender of the shipment to carrier, and the consignee, upon acceptance of delivery of shipment from carrier, shall be liable, jointly and severally, for all unpaid charges payable on account of a shipment in accordance with applicable tariffs including, but not limited to sums advanced or disbursed by a carrier on account of such shipment. The extension of credit to either shipper or consignee for such unpaid charges shall not thereby discharge the obligation of the other party to pay such charges in the event the party to whom credit has been extended shall fail to pay such charges.
- (b) Shipper and/or consignor acknowledge that no explosives and or dangerous articles or goods shall be contained in shipment. However, shipper and/or consignee shall indemnify carrier against any loss or damage caused by the negligent or intentional inclusion of explosives or dangerous goods therein.

SECTION 4. If for any reason other than the fault of carrier, delivery cannot be made at address shown on the face hereof, or at any changed address of which carrier has been notified, carrier, at its option, may cause articles contained in shipment to be stored in a warehouse selected by it at the point of delivery or at other available points, and were held without liability on the part of the carrier, at the cost of the owner, and subject to a lien for all accrued tariff and other lawful charges.

SECTION 5. If shipment is refused by consignee at destination, or if shipper, consignee or owner of property fails to receive or claim it within fifteen (15) days after written notice by United States mail addressed to shipper and consignee at post office addresses shown on face hereof, or if shipper fails or refuses to pay applicable charges in accordance with carrier's applicable tariff, carrier may sell the property at its option, either (a) upon notice in the manner authorized by law, or (b) at public auction to highest bidder for cash at a public sale to be held at a time and place named by carrier, thirty (30) days' notice of which sale shall have been given in writing to shipper and consignee, and there shall have been published at least once a week for two consecutive weeks in a newspaper of general circulation at or near the place of sale, a notice thereof containing a description of the property as described in the bill of lading, and the names of the consignor and consignee. The proceeds of any sale shall be applied toward payment of lawful charges applicable to shipment and toward expenses of notice, advertising and sale, and of storing caring for and maintaining property prior to sale, and the balance, if any, shall be paid to owner of property; PROVIDED that any perishable articles contained in said shipment may be sold at public or private sale without such notices, if, in the opinion of carrier, such action is necessary to prevent deterioration or further deterioration.

SECTION 6. As a condition precedent to recovery, a claim for any loss or damage, injury or delay, must be filed in writing with carrier within thirty (30) days after delivery to consignee as shown on face hereof, or in case of failure to make delivery, then within thirty (30) days after a reasonable time for delivery has elapsed; and suit must be instituted against carrier within two (2) years and one (1) day from the date when notice in writing is given by carrier to the claimant that carrier has disallowed the claim or any part or parts thereof specified in the notice. Where a claim is not filed or suit is not instituted thereon in accordance with the foregoing provisions, carrier shall not be liable and such a claim will not be paid. SUBJECT TO APPLICABLE LAW, ANY CLAIM OR DISPUTE BETWEEN YOU AND ALL MY SONS OF CHARLOTTE SOUTH, LLC ("CARRIER") ARISING FROM OR IN CONNECTION WITH THE TRANSPORTATION OF YOUR GOODS (A "DISPUTE") IN SOUTH CAROLINA INTRASTATE COMMERCE WHETHER UNDER STATE, OR LOCAL LAW, INCLUDING ANY VIOLATION OF ANY APPLICABLE LAW OR REGULATION, SHALL BE RESOLVED BY MANDATORY ARBITRATION IN YORK COUNTY, SOUTH CAROLINA IN ACCORDANCE WITH SOUTH CAROLINA CODE SECTION 15-48-10 ET SEQ., UNIFORM ARBITRATION ACT.

NOTICE

LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD

Furniture manufactured from pressboard, particleboard, and/or engineered wood is designed to go into a box from the manufacturer, to the retailer, and then to the customer unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, irreparable damage. When a shipper elects to ship an article as defined herein, and notwithstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.

notwithstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.
[] Option 1 I/we choose to disassemble and reassemble all pressboard, particleboard, and /engineered wood furniture prior to move. I/we assume all responsibility for damage to the pressboard, particleboard, and/or engineered wood furniture, which may occur during the disassembly of the furniture.
[] Option 2 I/we have engaged the services of another individual or company to disassemble all pressboard, particleboard, and /or engineered wood furniture prior to move. I/we assume all responsibility for damage, which may occur to the pressboard, particleboard, and/or engineered wood during the disassembly of the unit(s).
[] Option 3 I/we am/are tendering furniture constructed of pressboard, particleboard, and/o engineered wood fully assembled as part of our move. I/we understand that any claim for damage to the pressboard, particleboard, and /or engineered wood furniture may be denied due to the inherent vice, based on the fact that fully assembled all pressboard, particleboard, and /or engineered wood furniture is inherently susceptible to damage as outlined above.
